### Rider Safety

As we prepare for this next snowmobile season, please take a minute to review these safety reminders.

- Know your abilities and don't go beyond them.
- Know your machine's capabilities and don't push beyond them.
- Know your riding area. Get a map and talk to locals.
- Keep your machines in top shape.
- Be careful when crossing roads of any kind.
- Wear layers of clothing, so that you can add or remove a layer or two to match changing conditions.
- Make sure your helmet is safety-certified, the right size and in good condition. A visor is essential for clear vision and wind protection and chin strap should be snug.
- Wear glasses or goggles for protection from the sun.
- Don't snowmobile alone.
- File a "Snow plan" describing your machine and your planned route. Leave with your family or friends.
- Remember to use basic hand signals.
- Keep to the right, especially on blind corners.
- Follow the rules and now the local regulations.

**Alcohol and snowmobiling do not mix.**

# Trail Information

If you are grooming or brushing trails, take a video and send to us for Facebook.

## Trail 9

Work is being completed on trail 9. Five major ruts have been filled in on 9S making it more manageable for groomers this year. 9N still has one major rut which should be fixed in time for opening. Working on a grant for 9 north of Devils Lake Road. Should be set for groomers.

## Trail 5

Trail 5S is to be reopened but needs a lot of work since it hasn't been touched in 2 years. It will be rerouted to go past MK's Rustic Inn by Tower Road. Trail 5N still continues to be a challenge with the swamp. Looking into mats. Need more groomers!

## Trail 6

Still needs brushing and some work. Groomer needed.

## Trail Work Days:

December 8 & 15. Meet at the groomers shed at 9:00 am.

## Miscellaneous

We have received the okay to run Dorscheid Road another year. Watch signs for a possible new route.

**Reminder: When brushing trails try to keep a 16' wide clearance to allow enough room.**
